HISTORY OF THE COLLEGE

In response to a very general and growing desire, frequently expressed by both the laity and the ministry, the East Pennsylvania Annual Conference of the Church of the United Brethren in Christ, at the session held at Lebanon, Pennsylvania, March, 1865, passed by a large vote a resolution to establish a high-grade institution of learning, conveniently located within the bounds of the East Pennsylvania or the Pennsylvania Conference. This matter was referred to a committee consisting of the Revs. Daniel S. Early, G. W. Miles Rigor, W. S. H. Keys and Messrs. John B. Stehman and Abraham Sherk, with instructions to confer with a similar committee from the Pennsylvania Conference and to determine upon a location. One year later, in March, 1866, this committee reported to the Annual Conference session held at Columbia, Pennsylvania, and recommended the following:

First, the establishment of a school of high grade under the supervision of the Church; second, the acceptance for this purpose of the grounds and buildings then known as the Annville Academy (a private institution founded and conducted as such since 1834), which had been tendered as a gift to the Conference; third, the leasing of the buildings and grounds to a responsible party competent to take charge of the school for the following year. The following were elected as a Board of Trustees: Revs. D. S. Early, George A. Mark, G. W. Miles Rigor, J. B. Daugherty, Lewis W. Craumer, David Hoffman, and Messrs. John B. Stehman, John H. Kinports, Abraham Sherk, Rudolph Herr, H. H. Kreider and Samuel Walmer.

School opened May 7, 1866, with forty-nine students. By the close of the collegiate year one hundred and fifty-one were enrolled, thus demonstrating at once the need of such an institution in this locality and the wisdom of the founders.

In April, 1867, the Legislature granted a charter with full university privileges under which a College faculty was organized with Rev. Thomas Rees Vickroy, Ph.D., as president, and Prof. E. Benjamin Bierman, A.M., as principal of the Normal Department. The same year the Philokosmian Literary Society was organized by the young men, additional land was purchased and a large brick building erected thereon with chapel, recitation rooms, president's office, and apartments for sixty boarding students. This building was not furnished and fully occupied till the fall of 1868.

During the administration of President Vickroy the laws and regulations for the internal workings of the College were framed and adopted, the curriculum established, and the first regular commencement held on June 16, 1870. In 1872, through the leadership of the Misses Sarah Burns, Rebecca Kinports and Ellen Jane Mark, the Clonian Literary Society was organized. In 1877, for the purpose of stimulating wholesome rivalry among the men, another literary society was organized. Mr. Horace S. Kephart prepared the constitution and by-laws and Prof. Louis H. McFadden suggested the name "Kalozetean," which was adopted.

In the summer of 1883 a large two-story frame building was erected on College Avenue, containing an art room, music rooms, the department of natural science, a museum and the College library.

On January 1, 1888, the first number of "The College Forum" appeared under the editorship of the Faculty.

Among the early friends of the College was Mrs. Mary A. Dodge, who gave to the College a fund of ten thousand dollars, the interest of which is "to be loaned without charge to such pious young people as the Faculty of the College may deem worthy of help." The Silver Anniversary of the College was observed in June, 1892. The money secured on this occasion was used to purchase three acres of land which was added to the campus.

In 1897, the College began an era of enlargement which resulted in an addition to the old Administration Building, making it twice as large as before, the erection of the Engle Music Hall in 1899, the Carnegie Library and North Hall (the women's dormitory) in 1904. The large Athletic Field at the east end of the town was also added to the assets of the College during this time.

The disastrous fire on the night of December 24, 1904, when the Administration Building was entirely destroyed, tested the loyalty of the patrons and friends of the College. At a meeting held January 5, 1905, the friends of the College resolved, amid unusual enthusiasm, to rebuild at once, and with the stimulus of a gift of fifty thousand dollars from Andrew Carnegie (who had previously given \$20,000 for the library building), plans were matured by which to raise one hundred thousand dollars for this purpose. The erection of three new buildings was projected—the Men's Dormitory, the Central Heating Plant and the new Administration Building.

Through the untiring zeal and earnest efforts of President Lawrence Kiester, D.D., a gift was secured from a friend of the College in western Pennsylvania to equip the Tyrone Biological Laboratory. The Bishop J. S. Mills and the H. S. Immel Scholarships were also added to the funds of the College. At the death of the Rev. Daniel

Eberly, D.D., July 9, 1910, whose will bears date of September 17, 1909, the College came into possession of property valued at about \$52,000, the major portion for the endowment of the Josephine Bittinger Eberly Professorship of Latin Language and Literature.

Beginning with 1912, the College entered upon its greatest era of enlargement and prosperity. Since that date the student body has increased with great rapidity, more than doubling its numbers. Continued progress of the College, however, demanded the securing of an adequate endowment. To meet this need the cooperating Conferences conducted an intensive endowment campaign, which closed June 26, 1918, with subscriptions amounting to nearly \$400,000.

The faculty and leading students realizing the need of an additional women's literary society, organized the Delphian Literary Society in October, 1921.

Stimulated by a conditional gift of \$175,000 for endowment from the General Education Board, New York City, which had previously given \$24,000 for faculty salaries, the Board of Trustees of the College authorized the raising of a fund of \$700,000 during the summer of 1924. By hearty coöperation and most heroic efforts the goal was reached July 1, 1924. The College is now free of debt, and when subscriptions are paid will have an endowment fund of more than \$900,000.

GENERAL INFORMATION

The College is situated in Annville, a progressive and cultured town twenty-one miles east of Harrisburg in the beautiful, healthful and fertile Lebanon Valley.

BUILDINGS AND GROUNDS

There are eight buildings on the campus: the Administration Building, the Carnegie Library, the Engle Conservatory of Music, the Women's Dormitory, the Men's Dormitory, South Hall, the Heating Plant and President's Residence.

The Administration Building contains the administration offices which are of fire proof construction on the first floor, the recitation rooms of the College, the chemical and physical laboratories, and the Tyrone Biological Laboratory, the equipment of which was provided for by a gift from a friend from western Pennsylvania, who also gave it its name.

The Alumni Gymnasium occupies the ground floor. Here are provided over seven thousand square feet of floor space for the use of the department of physical culture and the promotion of athletic activities. The gymnasium has, in addition to the gymnasium floor, separate locker rooms for the teams, for the men, and for the girls, an apparatus room, and shower baths.

THE CARNEGIE LIBRARY, erected in 1904, furnishes commodious quarters for the growing library of the College.

Two large reading rooms on the first floor, splendidly lighted and ventilated, and beautifully furnished, are provided with the leading magazines and daily papers. Periodicals devoted to the special work of each department are here, as well as magazines of general literature. On the second floor are six seminar rooms designed to be equipped with the special works of reference for the various departments.

THE ENGLE CONSERVATORY OF MUSIC, erected in 1899, contains the college chapel, a director's office and studio, practice rooms, and a large society hall. The building is well equipped with pianos and a large pipe organ.

THE WOMEN'S DORMITORY, NORTH HALL, was erected in 1905, and is a building of beautiful proportions. In addition to

rooms which will accommodate forty-five students, there are a society hall, a dining hall, a well-equipped kitchen, and laundry.

THE MEN'S DORMITORY, erected in 1905, contains single and double rooms and sixteen suites of two bed-rooms with a separate study-room. These afford accommodations for more than one hundred students.

THE WOMEN'S DORMITORY, SOUTH HALL, the original building of the institution, acquired by gift in 1866, when the College was founded, has been re-modeled and is now used as a women's dormitory.

THE HEATING PLANT, erected in 1905, contains a low pressure heating system, and supplies the heat for all the buildings on the campus. It is constructed with a view to the installation of a lighting plant.

THE PRESIDENT'S RESIDENCE is situated on the northwest corner of the campus.

THE CAMPUS of twelve acres, occupies a high point in the center of Annville and is within easy access of trolley and railroad lines.

THE ATHLETIC FIELD of five and one-half acres is well located and admirably adapted to the purpose for which it is intended.

LABORATORIES

The entire northern half of the Administration Building is occupied by the Department of Science. The Department of Chemistry occupies the first floor; Physics, the second; and Biology, the third.

The laboratories of each department are constructed after the most approved modern methods. The lecture rooms are provided with risers and Columbia tablet chairs.

RELIGIOUS ACTIVITIES

The College has always tried to furnish religious training, and encourages all means of promoting Christian influence. Each morning a regular service is held in the College Chapel, at which the students are required to be present.

A students' prayer-meeting is held once a week, and opportunities for Bible study and mission study are offered by the Christian Associations in addition to those afforded by the regular curriculum.

All resident students of the College are expected to attend public worship in the churches of their choice, every Sunday.

Christian Associations The College has Young Men's and Young Women's Christian Associations, which hold regular weekly devotional services and conduct special courses of Bible and mission study. They are centers of the spiritual interests of the students and deserve the hearty support of all connected with the college. Under these auspices public lectures, entertainments and socials are held, which contribute to the pleasure of the student body.

COLLEGE ORGANIZATIONS

Literary Societies Excellent opportunities for literary improvement and parliamentary training are afforded by the societies of the College. There are four of these societies—Philokosmian, Kalozetean, Clonian and Delphian. The last two are conducted by the girls of the college. These societies meet every Friday evening in their well-furnished halls. They are valuable agencies in college work, and students are advised to unite with one of them.

Athletic Association The Athletic Association is composed of all the students of the College and the coöperating Alumni. Athletics are controlled by a Council consisting of representatives of the faculty, alumni and student body.

Student Publication A group of students possessing ability in management and composition is selected annually by the Faculty to bring out a periodical devoted to college and student interests. This encourages students to write for publication, and affords training of a highly specialized character to a number of those interested in editorial work.

LITERARY AND MUSICAL ADVANTAGES

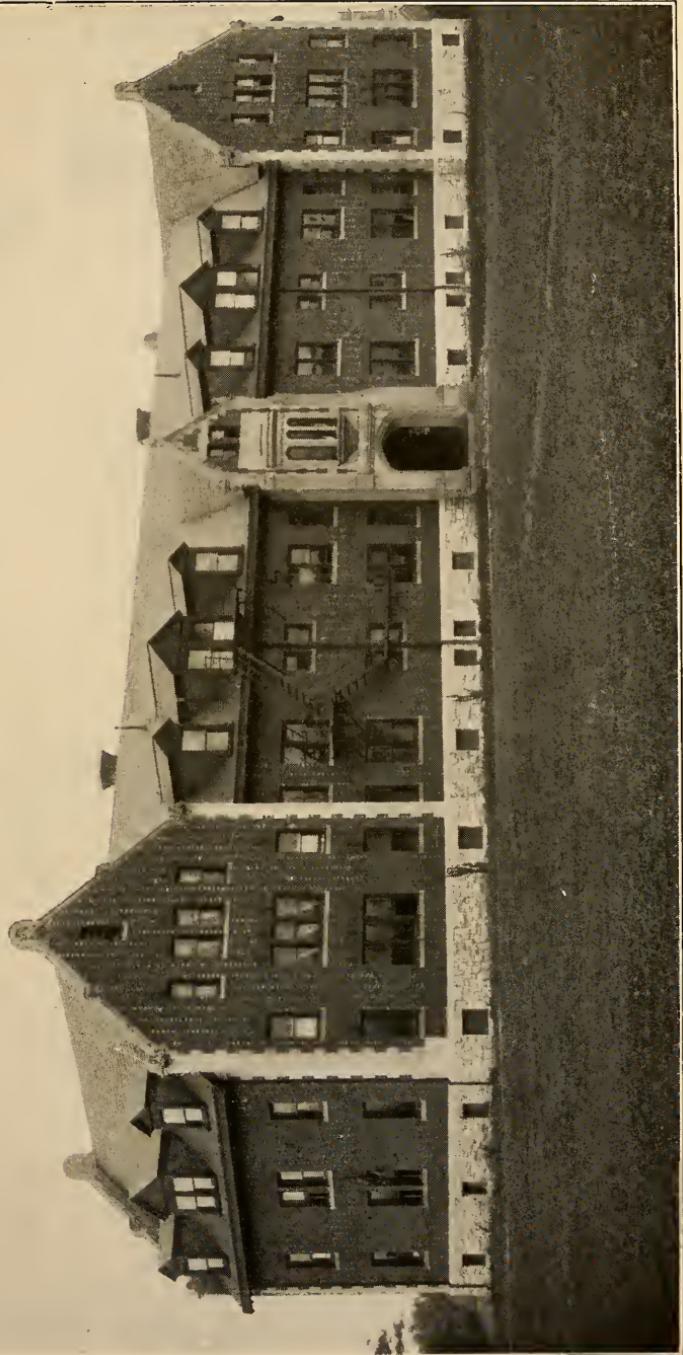

During the college year, the student body has the privilege of hearing lectures and talks delivered by men of note in Church and literary circles.

The department of music together with the department of public speaking presents a number of programs during the year. Concerts and recitals by prominent musicians are given under the patronage of the Department of Music with the aim of creating in the student an appreciation for the best in art.

ADMINISTRATION

Admission Candidates wishing to enter Lebanon Valley College by certificate must present credits from High Schools, Normal Schools, and Academies as soon as possible after the close of the academic year. Since it is at present necessary to limit the

MEN'S DORMITORY

Freshman Class to one hundred (100) students, applications for admission will be considered by the committee on admissions on the basis of comparative merit. No applications for admission will be approved until July 1, 1926. Blanks for this purpose may be had on application to the Registrar.

Candidates desiring to enter by examination must make application for the examination two weeks before the opening of the school year. Upon receipt of this application the time and place of the examination will be arranged.

Registration Registration is the process of class assignment and is completed over the signatures of the adviser and the Registrar. No student will be admitted to any class without the proper registration card which is sent direct to the department of instruction from the Registrar's office.

The registration days for the collegiate year 1926-27 are as follows: September 15, 16 and 17; also February 4 and 5, for the second semester.

Late Registration Students registering later than the days specified will be charged a fee of one dollar. Students desiring to register later than one week after the opening of the semester will be admitted only by special action of the proper committee.

Change of Registration When change of registration is advisable or necessary such changes must be made in the same way as the original registration, namely, over the signatures of the adviser and Registrar. Such changes will not be permitted after the close of the second week of the session.

Advisers The head of the department in which a student has elected to major becomes the adviser for that student. The adviser's approval is necessary before a student may register for or enter upon any course of study, or discontinue any work. He is the medium of communication between the Faculty and the students majoring in his department, and, in a general way, stands to his students in the relation of a friendly counselor.

Classification Classification will be made on the following credit basis: Freshman standing, 15 Carnegie units; Sophomore standing, 30 semester hours; Junior standing, 60 semester hours; Senior standing, 95 semester hours.

Advanced Standing Credits for work done in other institutions, for which advanced standing is desired, must be submitted to the committee on College Credits and a copy filed with the Registrar.

Limit of Hours Every resident student must take at least fifteen hours of work as catalogued. Any student failing to pass ten (10) hours of work at the close of each semester will be required to withdraw from the institution.

The permitted number of extra hours of work, above that prescribed by the curriculum, is limited by the student's previous record, as follows:

(a) Majority of A's—three hours.

(b) Lower record than majority of A's—no extra hours.

Class Standing Class standing will be determined at the middle and end of each semester for Faculty consideration. Reports of standing will be made to parents or guardians at the end of each semester, or when the Faculty deems it expedient. The standing is indicated generally by classification in seven groups, as follows:

A (90-100%) signifies that the record of the student is distinguished.

B (80-89%) signifies that the record of the student is very good.

C (70-79%) signifies that the record is good.

D (60-69%) signifies the lowest sustained record.

E (below 60%) imposes a condition on the student.

F (Failed completely) signifies that the student must drop or repeat the subject and cannot be admitted to subjects dependent thereon.

I (Incomplete) signifies that work is incomplete, but otherwise satisfactory.

Graduation Credit A grade of C or better must be obtained in at least half of the total number of semester hours required for graduation.

If the student's record as a whole is poor, he may be required to repeat certain subjects, to repeat the year's work, or to withdraw.

Conditions and Re-examinations Except in the case of the final examinations of seniors, no immediate re-examination will be given to students falling below the passing mark on the regular examinations.

Students obtaining a final average below 60% but above 50% in not more than two subjects will be given a "Condition" in these courses, and such Conditions may be removed by obtaining a mark of 60% or more on a re-examination to be taken at the College during the days appointed for registration for the following year, or at the regular examinations of the following year. The subject matter of such an examination will be the whole work of either

the first or second semester, or both, according to where the student failed to obtain the required 60%.

A fee of \$3.00 will be charged for each examination for the removal of a Condition.

Conditions imposed at the end of the first year must be removed before the student enters the third year, and those imposed at the end of the second or third year must be removed before entering the senior year. Failure to remove a Condition within the above specified time converts the Condition into a Failure.

Absences Should a student be absent once beyond twice the number of times a class meets each week, he will be required to take a special examination, for which a fee of one dollar will be charged. Such examination must be taken within a week of the excess absence; otherwise the student will lose his class standing. Absences immediately preceding or following vacation will be counted double.

Discipline The rules of the College are as few and simple as the proper regulation of a community of young men and women will permit. The government of the dormitories is under the immediate control of the student councils, committees of students authorized by the College authorities.

Chapel All students are required to attend the morning chapel service. Failure to attend will be ground for action by the Faculty upon recommendation of the Committee on Chapel Attendance.

Limitations Students are limited to two of the following college activities: Quittapahilla, Glee Club, Plays, Foot Ball, Basket Ball and Base Ball. This regulation can be set aside only by a special action of the Faculty.

No games between college organizations may be engaged in during study hours except by permission of the Faculty.

Degree and Diploma The Baccalaureate degree will be conferred by the Board of Trustees on recommendation of the Faculty, upon students who shall have completed a minimum of 126 semester hours, and have obtained, in each case, a grade of C or better in not less than one-half of the total number. This rule becomes effective with the class of 1927.

Residence Requirement The A.B. and B.S. and B.S. in Economics degrees will, however, be conferred only upon candidates who have spent at least a full year in actual residence. The residence requirement for the degree of B.S. in Education is stated in detail on page 38.

GRADUATE WORK LEADING TO THE MASTER'S DEGREE

Graduate work leading to the Master's Degree will be done in a limited way. Candidates desiring to pursue such courses may address the Registrar or the President of the College for a copy of the regulations pertaining to this type of work.

All breakage in the Chemical laboratory will be charged against the individual student and any balance of the above deposits due the student at the completion of his course will be returned or credited to his account, and any deficit beyond his deposit will be charged to his regular College account.

BOARDING

The domestic department is in charge of a skilled and competent chef. Plain, substantial and palatable food especially adapted to the needs of the student is provided. The kitchen is furnished with the most modern equipment and all food is prepared in the most sanitary manner.

The boarding rate for the school year 1925-1926 is \$200.00. Students who stop school during the school term will be required to pay board at the rate of \$6.50 per week during their stay in school. A rebate of twenty dollars is allowed for five-day students. These rates do not include Thanksgiving, Christmas and Easter vacations.

All students who do not room and board at their homes are required to room and board in the college unless special permission be obtained from the Executive Committee to do otherwise. Students refusing to comply with this regulation forfeit their privileges as students in the College.

ROOM RENT

Room rent varies from \$40.00 to \$88.00 except when double rooms are assigned to only one student, in which case the occupant will pay the regular rent for two. A deposit fee of \$5.00 is required when a room is reserved. This fee will be deducted from the second half year's payment.

When five or more day students occupy one room, then the rate

to each occupant is \$27.00 and must be paid at the opening of the school year, and there will be no refund.

Occupants of a room are held responsible for all breakage and loss of furniture or any loss whatever for which the student is responsible. A breakage fee of \$10 is required of each student rooming in the Men's Dormitory. All or part of this may be returned at the end of the year. A dormitory service fee of \$6 is charged men in the Dormitory, part of which may be returned at the end of the year.

Each room in the Men's Dormitory is furnished with a chiffonier and book case, and for each occupant a cot, mattress, one chair and study table. Students must provide their own bedding, rugs, towels, napkins, soap and all other furnishings.

Each room in the Women's Dormitories is furnished with a rug, bed, mattress, chair, dresser and study table. All other desired furnishings must be supplied by the student.

All students to whom rooms are assigned are strictly forbidden to sub-let their rooms to day students or to others for a money or any other consideration.

One 40-watt light is furnished for each occupant of a room. Any additional lights must be paid for by the student at the rate of \$3 per light per year. Only 40-watt lights are allowed.

The College reserves the right to close all the dormitories during the Thanksgiving, Christmas and Easter vacations.

ESTIMATED EXPENSES

The minimum expense for men is \$427 and for women \$421. The maximum expense for a full course in Lebanon Valley College for one year, exclusive of laboratory fees, books and personal expenses, is \$473 for men and \$467 for women.

GRADUATION FEE

Sixty days prior to Commencement, candidates for degrees are required to pay the following fees:

Students graduating in the College \$15.00; in Music, \$13.00; those receiving certificates in Music \$8.00.

REGULATIONS

Matriculation fee must be paid at the time of enrollment.

Laboratory fees must be paid at the beginning of each Semester. Bills for regular College expenses, including Tuition, Boarding, and Room Rent, are issued at the beginning of each semester, cover-

ing the expenses for the full semester. These bills are due on the day they are issued and must be paid within ten days.

When a student leaves school or the boarding hall for any other reason than sickness, he shall pay board at the rate of \$6.50 per week, without any rebate or refund, except when ordered otherwise by the Finance Committee of the College.

Satisfactory settlement for all bills and fees is required before an honorable dismissal can be granted and before grades are recorded or given to the student.

Students who are candidates for Diplomas or Certificates must make full settlement entirely satisfactory to the Finance Committee before diplomas or certificates will be sealed and delivered.

ABSENCE AND SICKNESS

When students retain their class standing during absence from school because of sickness or for any other reason, no rebate or refund will be allowed on tuition, or room rent.

In case of sickness which occasions loss of class standing, a reasonable rebate or refund will be allowed on tuition.

When a student is absent from school more than two weeks in succession because of sickness, and retains his room during the time of absence, then a rebate of \$4.00 per week will be allowed for all absence exceeding the two weeks. Reductions cannot be allowed for athletic, glee club, or banquet trips.

AID TO STUDENTS

Help is extended annually to a limited number of students, but only to those pursuing full courses in the College. This help is given in the form of Merit Scholarships, Ministerial Scholarships, Waiterships, Janitorships, Tutorships, or Library work. All of this help is extended or given only upon the condition that the recipient complies with all the rules and regulations of the College.

A student forfeits the privilege of a scholarship or other help from the school when his average grade falls below passing standards or when in any way he refuses to coöperate with the College, or when he disregards the regulations of the institution.

Students rooming in Dormitories and boarding at the College Dining Hall will be given preference when work of various kinds is assigned.

REQUIREMENTS FOR ADMISSION

Students may be admitted to Freshman standing in Lebanon Valley College on the following plans:

I. Admission by Certificate. The following classes of candidates are admitted to Freshman standing on presentation of certificates signed by the proper authorities showing the kind and amount of work done:

1. Graduates from any four-year high school course approved by the Pennsylvania State Department of Education.
2. Graduates from any four-year course of a school accredited by the Association of Colleges and Preparatory Schools of the Middle States and Maryland, or by the State University of the state in which the school is located.

Such certificates must represent a total of at least 15 units of work and must meet the requirements outlined in the Table of Requirements for Admission.

A unit represents the work of a school year of no less than thirty-six weeks, with five periods of at least forty-five minutes each per week, or four periods of one hour each per week. A unit, therefore, is the equivalent of one hundred and eighty recitation periods of forty-five minutes each, or one hundred and forty-four periods of one hour each.

Blank entrance credit certificates will be furnished upon application to the Registrar.

II. Admission by Examination. Candidates not presenting approved certificates may be admitted upon examination. Examinations will be given upon the work covered by the list of secondary subjects approved by the Association of Colleges and Preparatory Schools of the Middle States and Maryland. Candidates for admission by examination must meet the same specific requirements as those for admission by certificate.

THE CURRICULUM

ARRANGEMENT OF COURSES OF STUDY

Lebanon Valley College offers four courses of study leading to the Baccalaureate degree:

- (1) A course leading to the degree of Bachelor of Arts (A.B.)
- (2) A course leading to the degree of Bachelor of Science (B.S.)
- (3) A course leading to the degree of Bachelor of Science in Education (B.S. in Ed.)
- (4) A course leading to the degree of Bachelor of Science in Economics (B.S. in Econ.)

The total number of credits required of candidates for these degrees is the same in each case, and will in 1927 and thereafter be 126 semester hours.

As part of this total requirement, every candidate must present at least 24 semester hours in one department (to be known as his Major), and at least 16 semester hours in another department (to be known as his Minor). Those completing the courses will find themselves well prepared for the work in the best medical schools, for graduate courses in the state colleges and universities, for teaching the biological sciences in high schools and academies and for assistantships in university and experiment station laboratories in the departments of agriculture and the United States Biological Survey.

Major: Courses 18, 28, 38, and any additional courses in Biology amounting to six or more additional hours.

Minor: Course 18 and eight semester hours of elective courses in Biology.

18. General Biology. Four hours. Throughout the year.

Two lectures, one recitation and two hours laboratory work each week. The object of the course is to acquaint the student with the essential structures and processes of living things.

Plants and animals are studied in the laboratory to observe the structure, properties and activities of living protoplasm as illustrated by organisms composed of a single cell, simple tissues and of systems of organs. The principles of development, heredity, homology, classification, adaptation and evolution are also considered.

Three lectures or recitations and two laboratory periods of two hours each, per week.

The object of the course is to give the student a broad general knowledge of the plant kingdom. The form, structure and functioning of one or more types of each of the divisions of algae, fungae, liverworts, mosses, ferns and seed plants are studied.

Special attention is given to the phylogeny and ontogeny of the several groups and constant comparisons made of those structures indicating relationships. The principles of classification are learned by the analysis and identification of about one hundred and fifty species of Bryophytes, Pteridophytes and Spermatophytes represented in the local spring flora. These studies are conducted in the field so that the plant is seen as a dynamic force adapted to its environment.

Required of those majoring in Biology. Elective for others.

EDUCATION AND PSYCHOLOGY

PROFESSORS REYNOLDS, BUTTERWICK AND ASSISTANTS

While the primary aim of this department is to provide training for those who desire to enter the teaching profession, yet it is believed that the courses offered will be useful also in connection with the training of children and in the social relationships of the educated man and woman. Education is one of the most important concerns of society. A serious study of the problems of education will enable the college men and women to give society intelligent leadership in many of its most important undertakings.

The courses of the department have been planned with special reference to the requirements of the State of Pennsylvania. Students who, for any reason, wish to teach in other states, should early consult with the head of the department in the selection of courses to meet the requirements of such states.

The Pennsylvania State Council of Education has approved the following regulations for the College Provisional Certificate:

"This certificate entitles the holder to teach for three years the subjects prescribed for a public high school of the third class or to teach in any public high school of the Commonwealth the subjects indicated on its face.

"The applicant for this certificate must be a graduate of an approved college or university and must have successfully completed at least eighteen semester hours of work of college grade in education distributed as follows:

Introduction to Teaching.....	3 semester hours
Educational Psychology	3 semester hours
Practice Teaching	6 semester hours
Electives in Education.....	6 semester hours

"The holder of this certificate will be certified to teach each subject in which not less than twelve semester hours have been completed."

In order to meet these requirements, students of the college who are candidates for the A.B. or B.S. degree are advised to do their major and minor work in subjects which are ordinarily taught in the public high schools.

They should, furthermore, register for Psychology 13, Psychology 23, and for Education 123, 13, 23, and 136, preferably in the order named. Wherever possible this work should be started in the Sophomore year.

By action of the Department of Public Instruction, in October, 1923: "The six semester hours of practice teaching may be met by three semester hours of actual classroom experience in observation, participation and practice teaching under approved supervision and three semester hours of methodology or administration related to this experience."

To those who are preparing for work in Education as a profession, and who desire to make a more complete preparation than the minimum required by the State, a major in Education leading to the degree of B. S. in Education is offered. For this, courses in Education or Educational Psychology totaling twenty-four semester hours are required, and in addition two minors, chosen from related fields, of sixteen semester hours each.

The residence requirement for this degree may be met either by spending a full year in actual residence or by earning 32 semester hours in residence either during sessions of the Summer School or during the regular academic year. The student should consult page 29 for the general requirements for this degree.

APPOINTMENT BUREAU

In order to give students the benefit of calls that are received for teachers and to render greater assistance in finding employment, the College provides for an Appointment Bureau to keep on file records of students with their credentials for those who desire it. For registration with the bureau a fee of one dollar is charged.

The Appointment Bureau of the College cooperates with the Placement Service, Teacher Bureau, of the Department of Public Instruction, Harrisburg, Pennsylvania, thus offering additional facilities for the placement of graduates of this institution.

THE COURSE IN BUSINESS ADMINISTRATION

The College is pleased to announce that a new department in business administration has been added to the field of its instruction. Work in this department began in 1925-26, when the courses scheduled in the first year of the course were offered. It is planned that each year the listed courses will be added to the curriculum as the need for them arises, so that at the beginning of the fourth year the complete plan will be in operation. The degree of Bachelor of Science in Economics will be conferred upon graduates from this department.

The College has had repeated calls for work of this nature. With the view of placing the service of the institution at the disposal of those of its friends who seek this type of training rather than that of a professional or purely cultural nature, the trustees have lately approved the addition of this department. We regard this action as a marked advancement in the efforts of the institution to increase the sphere of its usefulness to its rapidly growing constituency.

Lectures are illustrated by examples of the particular art forms or from the works of the particular composer under discussion.

ENGLE CONSERVATORY

84. Pedagogy. Two hours throughout the year.

The value of music as an educational subject is clearly shown (1) by the increasing number of college students who elect music as their major subject, (2) by the growing tendency for high schools to grant credits for study to those who are pursuing music either in special music schools, or with private teachers. Because of this granting of credits, a higher degree of preparation, skill, and efficiency is demanded of the private teacher.

The aim of this course is to give Juniors and Seniors practical teaching experience under the instruction and supervision of members of the Faculty. After a course of lectures and demonstrations by the Supervisor, the student gains actual experience in teaching pupils both in class and private lessons.

Lectures will be given on all phases of piano playing. The instruction will be based on the most modern pedagogical and psychological principles. All presentation of material will be first made through the ear, the most spiritual sense, then the eye and touch.

The chief duty of the teacher is to develop within the child a consciousness of music as the universal language and to lead him to a proper enfoldment of the impulse for self-expression.

Public School Music

A course in Public School Music will probably be offered if conditions warrant it. If given it will meet the requirements for the teaching of music in harmony with the standards set forth by the Department of Public Instruction of the State of Pennsylvania.

(b) Practical

Private instruction is provided in Applied Music (Piano, Voice, Organ and Violin).

Piano: Miss Engle, Mr. Campbell.

Voice: Mrs. Mills, Mr. Rogers.

Violin: Mr. Malsh.

A bulletin describing courses in Practical Music will be sent upon application.

A candidate for this degree must have received a Diploma from Lebanon Valley College Conservatory of Music, or other institution offering an equally advanced course of study, and in addition thereto must complete one year's work in canon, fugue, composition and orchestration; and must compose a cantata for solos and mixed voices, with an accompaniment for symphony orchestra, requiring at least thirty minutes for performance, or a concerto for a solo instru-

ment and orchestra, or a symphony in three or four movements for orchestra, of similar length.

The graduation fee for the degree is \$13.00.

THE DIPLOMA

The diploma is granted only to candidates who have completed the four year course of study in one branch of applied music, as a major study, and at least three years (Freshman, Sophomore and Junior) study in a second branch, as a minor study, and the complete subjoined theoretical studies for the four year course in the major, and the three-year course in the minor study.

The fee for a certificate is \$8.00.

MUSIC AND THE A.B. DEGREE

Music study may be credited toward the A.B. Degree to a total of twenty semester hours (five semester hours per year). For such credit, the requirements are as follows: Two half-hour recitations per week in Applied Music, two hours per day in practice, two hour recitations per week in harmony.

A student desiring credit for this course of study is expected to continue the same until graduation. Credit will not ordinarily be granted for a single year of study. Only under exceptional conditions such credit may be granted by the faculty upon recommendation of the Director of the Conservatory.

THE STUDENTS' RECITALS

The students' Tuesday evening recital is of inestimable value to all students in acquainting them with a wide range of the best musical literature, in developing musical taste and discrimination, in afford-

ing young musicians experience in appearing before an audience, and in gaining self-reliance, as well as nerve control and stage demeanor. These recitals also enable all students and others who are interested in music to gain a much wider acquaintance with musical literature than would otherwise be possible. Students in all grades appear on the programs of these recitals. Each senior is required to present one special graduation recital.

FEES

Semester bills are payable strictly in advance of recitations. Students are registered at the office of the College Registrar over the signature of the Director of the Conservatory.
